MEMORANDUM

TO: SWEETWATER COUNTY FIRE DISTRICT #1 APPLICANTS
FROM: FIRE CHIEF, SWEETWATER COUNTY FIRE DISTRICT #1
SUBJECT: TRUTHFULNESS

One of the most critically important issues which determines the effectiveness of any organization is credibility. As such, the integrity and truthfulness of **every** member of an organization is vital.

The need for an honest, impartial, and accurate representation of facts is especially critical within a Fire Service organization, including Sweetwater County Fire District #1. The success or failure of our agency rests with the degree of public support we receive. However, public support is quickly eroded when a lack of credibility exists, even with one member of the agency.

The very basis of an individual's integrity, as perceived by the public, by friends, and by fellow workers, is at stake when the individual fails to tell the complete truth. The loss of integrity by one individual or a group of individuals can be quickly spread throughout an agency, causing the agency to lose its viability as a trusted organization, and hamper its ability to function effectively.

As Fire Chief, I am responsible for maintaining the effectiveness of Sweetwater County Fire District #1 as a viable Fire Service Agency. Therefore, I will not tolerate false or misleading statements of any kind by current uniformed Firefighters or applicants of this agency.

Any statement, either written or verbal, given by any applicant with the intent to deceive or mislead will result in rejection from further consideration for employment with this agency. Moreover, any applicant that is hired and is later found to have submitted false information may be terminated from employment for any cause.

I have read this memorandum. I agree and affirm all information I supply during the course of my application and future employment (if hired) will be answered honestly and truthfully and will contain neither omissions nor false or misleading statements.
